Re: PCB Risk-Based Disposal Plan under 40 CFR § 761.61(c), § 761.62(c) and § 761.79(h)
Thomas Prince School

Dear Ms. Nazarian:

On February 21, 2012 EPA issued a PCB Risk-Based Disposal Approval ("Approval") under 40 CFR § 761.61(c), § 761.62(c) and § 761.79(h) to address PCB-contaminated building materials in the Thomas Prince School. EPA approved a modification to the Risk-Based Plan on September 17, 2012. A copy of the Approval and the modification are enclosed for your reference.

This Approval required submittal of the following information:

- Final Report summarizing the project (Condition 27)
- Development of a long-term monitoring and maintenance plan and submittal of inspection and monitoring results (Conditions 20 and 26)
- Execution of a deed restriction (Condition 16)

As of the date of this letter, EPA has not received the required documentation identified above. Within 10 business days of receipt of this letter, copies of all required documents and reports shall be provided to the following:

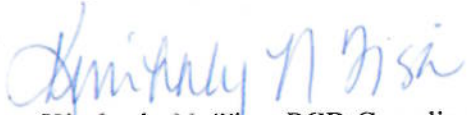

Kimberly N. Tisa, PCB Coordinator
United States Environmental Protection Agency
5 Post Office Square, Suite 100
Mail Code: OSRR07-2

In the event that required documents and/or reports are not available, EPA reserves its rights under the Approval to revoke, suspend, or otherwise modify the Approval if EPA determines that PCBs remaining at the site may pose an unreasonable risk of injury to health or the environment.

Respectfully,

Kimberly N. Tisa, PCB Coordinator
Office of Site Remediation & Restoration

Enclosures: February 21, 2012 Approval
September 17, 2012 Modification
